

Application to the

2020' AIDA POOL WORLD CHAMPIONSHIP

Daan Verhoeven

JEONJU, SOUTH KOREA

AIDA KOREA

This application is a temporary document. After AIDA has chosen the organizer for 2020, if we are successful, we will provide more details and precise information.

INTRODUCTION

There has been a remarkable growth since freediving was introduced to Korea about 10 years ago. There are over 150 AIDA teachers registered in Korea and over 60 international judges.

In addition, more than 200,000 Koreans from SNS and clubs enjoy freediving, and annual domestic freediving competitions are held about 10 times regularly, including a judges course. Currently, there are more than 30 freediving training centers in Korea, and 10 overseas training centers in the Philippines and Dahab.

In addition, the record of Korean freediving has been updated year by year.

I would like to present this proposal in hopes of holding the AIDA WORLD CHAMPIONSHIP INDOOR competition to raise the level of development and level of freediving in Korea, and to contribute to international AIDA based on AIDA KOREA.

DOMESTIC COMPETITIONS

This is a list of representative freediving competitions held regularly in Korea.

- KAJA CUP Freediving Indoor Competition
- KOREA CUP Depth Competition
- AIDA Divers Summer FESTIVAL
- BLUE CUP Freediving Competition
- GO100 Freediving Competition
- FRENZEL Freediving Competition
- ONLY DEPTH Challenge
- RAONARA Indoor Competition
- NATURE UDF Freediving Challenge
- APN Freediving Competition
- THEBREATH Freediving FESTIVAL

LOCATION

JEONJU WANSAN POOL

Korea has K26, the deepest swimming pool in Asia, and there are about 20 swimming pools in the country where you can enjoy freediving.

Jeonju Wansan Swimming Pool can be used for the entire facility during the 10 days of the event. It also features 8 international 50m lanes at 2M depth and a 5m x 25m x 33m diving pool.

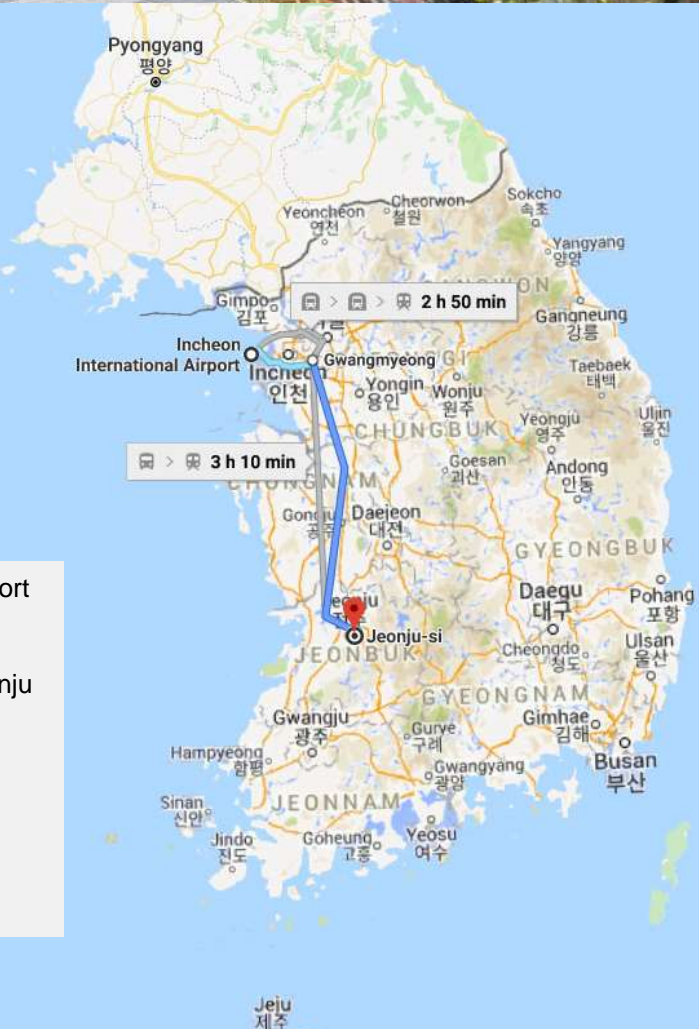

The water temperature is always maintained at 29-30 degrees Celsius.

TRANSPORTATION

Korean public transportation is the most convenient in the world.

It takes about 2 hours 30 minutes from the airport to Ramada Jeonju Hotel, but it is very comfortable and convenient.

Incheon Airport → Gwangmyeong City Airport Terminal : 1 hour

Gwangmyeong City Airport Terminal → Jeonju Station : 1 hour 20 minutes

Jeonju Station → Ramada Jeonju Hotel : 15 minutes

Ramada Jeonju Hotel → Jeonju Wansan Swimming Pool : 20 minutes

HOTEL FOR STAFF AND ATHLETES, COACH

Accommodation for athletes and staff is 10 minutes away from the pool.

Enjoy a comfortable 2-person bedroom and free breakfast buffet, beautiful loop terrace and sauna.

The hotel's shuttle bus provides easy access to the stadium from the hotel.

SAFETY PLAN

- 2 Experienced, advanced life support trained safety divers per each competition lane. (Total Safety divers are 16)
- 1 Doctor and 2 Nurses in the competition pool.
- 1 Room for Emergency Medical Treatment.
- 1 Fully equipped Ambulance on standby with 10 min drive to Hospital.
- 4 Oxygen tanks are Ready.

EMERGENCY PLAN

Four general hospitals are located 10-15 minutes from the pool.
In case of emergency, it can be transported and treated quickly.
